Bona Vista Primary School

At Bona Vista Primary we:
~ maintain lower class sizes to cater for individual abilities,
~ provide an environment that’s safe, caring and stimulating,
~ celebrate student learning in a variety of ways,
~ ensure continuous learning from one year to the next,
~ provide a wide range of opportunities that reflect the goals and priorities of our school,
~ ensure that our parents and community members feel welcome and contribute to our school in a meaningful and engaging way.

I send my child to BVPS because:
~ of the diversity of subjects and skills taught here,
~ it has a family like school environment, there is a really strong sense of community, where everyone is valued,
~ I love the space and setting of the school,
~ there is a strong focus on English and Mathematics,
~ the new, contemporary facilities are fantastic,
~ every child matters at this school.

Our School Curriculum:
Students engage in a rich & extensive learning program. In addition to English and Mathematics, specialists provide specific weekly/fortnightly programs in:
- Physical Education—including a term of Bike Education
- Music, Art & Drama
- Library
- Science
- Social Skills
We also have a vegetable garden, fruit trees, chooks, guinea pigs and a sensory garden.

Come out & see what we can offer your child...
